New York June 19. 1855

Rev Dr Robinson

Dear Sir

I received your letter of genealogical inquiry, at Taunton, and immediately applied to our best antiquarians who profess to be skilled in that branch, & have collected numerous statistics; but have obtained no information that would aid you. When I came here this day thought I might call on you, but I must leave here this P.M or early tomorrow morning, & shall not be able.

Shall make further inquiries on my return to T, & if any information can be obtained, it shall be communicated.

Very respectfully

Yours

Erastus Maltby

P12e
